## Strategy

### Buy & Build

Acquire strong platform in a fragmented industry niche

Achieve scale through add-on acquisitions in existing and new geographies

### Transformation

Focus on operational improvements within entrepreneurial or family-owned businesses

### Accelerating Growth

Provide growth capital to support the implementation of a proven business model in new markets or services

## Recent Platform Transaction Activity

Station Partners is pleased to announce that its portfolio company, Ark Technology Consultants, Inc. ("Ark"), in furtherance of its Buy & Build investment strategy within the U.S. Information Technology ("IT") Services industry, successfully closed on the acquisition of 5S Technologies ("5S"). Based in Cary, NC, 5S is a full-service professional and managed IT services organization. The company has built a quality reputation based on their expertise in Nutanix, Security Offerings, and Data Center Solutions.

Ark Technology Consultants was founded in 2021 with the goal of building a cloud-based IT services firm that is both people-centered and client-driven. Ark's inception came with the combination of two Northeast-based Managed Services Providers. Since then, success has been tied to an aggressive organic expansion orchestrated by industry veterans Walter Cook and Adam Davis. Ark's foundation is driven by its commitment to a culture of collaboration and cultivation of strong relationships with clients and technology partners.

## Investment Portfolio

River Riders, based in Harpers Ferry, WV, at the confluence of the Potomac and Shenandoah rivers, owns, operates, and manages outdoor adventure resorts in the United States including river rafting, river tubing, aerial activities, snow tubing, camping, lodging and related activities. In February 2022, Station, in partnership with Matt Knott, recapitalized River Riders positioning the business for an accelerated growth and acquisition strategy.

Evolve Logistics Group, Inc. provides linehaul transportation and logistics services within the FedEx Ground framework. Evolve has grown from a small, regional concern into one of the largest contracted operators within the FXG ecosystem. Website: [evolvegroupusa.com](http://evolvegroupusa.com)

Source One Financial Services, LLC originates, underwrites, and processes secured recreational vehicle and marine consumer loans on behalf of financial institutions to aggregate a comprehensive, single-source, loan program. (Station exited in December 2021) Website: [source1financial.com](http://source1financial.com)

COR Health is a Maine based healthcare provider offering pediatric & adult nursing, adult home care, behavioral health, targeted case management and medical staffing services serving over 250 clients throughout the State of Maine. Website: [corhealthservices.com](http://corhealthservices.com)
